You will have no terrors from wire grass when once you buy a Dain mower. Manufactured by the John Deere Plow Co. Has more strokes of pitman to one turn of the wheel than any other standard mower built today. You can see one at Hood's.

Miss Marguerite Opperman entertained the following young ladies at a slumber party last Tuesday night for her house guest, Miss Mildred Reed of Lawrence: Hazel Goodwin, Irene Dent, Ruth Barnes, Esther Crowell, Mildred Reed, and Pearl Mullen.

The Spring River Power Company has made a mighty good road from Shoal creek out to the foot of the Morgan hill. After grading the road about three feet higher than it was they have given it a heavy coat of cinders.

Crop prospects are pretty good for the time of year, and if the rains will come now when needed, the corn crop will be a good one for sure. Some corn is small, on the flat lands where it could not be cultivated on account of too much rain earlier in the season, but the hill and ridge corn is big and is silking nicely. And it is when corn is shooting that it wants rain pretty often.

Galena and Carthage ball teams had a game last Sunday and it was disastrous to Galena, the score being 9 to 2 in favor of the team from Missouri. A great many Baxterites saw the game. The big joke of the game was the fact that Galena sent to Kansas City for a pitcher, and gave him \$50 to do the twirling. Blunk did the work for Carthage, and the way he struck 'em out was a caution.

Saturday night Miss Ruth Barnes entertained several friends at an elaborate dinner for Miss Reed of Lawrence, Kas. After dinner the guests enjoyed dancing and music. Covers for dinner were laid for Misses Laura Armstrong, Hazel Goodwin, Esther Crowell, Mayzie Noble, Mildred Reed of Lawrence, Kas., Marguerite Opperman, Swannie Smith, Rosa Barnes, Mabel Rummel and Ruth Barnes.

The big bills for advertising the coming big reunion are here, and will go up on the bill boards all over the country. Prospects are that the coming reunion will be a big one, and if you want to have a real good time, camp out during the week. Call at this office and leave your order for camp ground. It costs you nothing, and on the other hand it insures you a good spot to spend the week. The campers have the real good times at the big reunion.

Every Democrat in the state ought to vote for Hugh Farrelly for United States Senator. He has always been a hard worker for the success of his party, is clean, capable and in every way worthy. Hugh Farrelly has never asked for office before. True, he has been a candidate for office, but it was always at

the behest of his friends, and now that he feels he would like to represent the great state of Kansas in the biggest legislative body in the world, we are for him. Hugh Farrelly is every inch a man and good citizen. The Democrats of Kansas will be guilty of the basest ingratitude if they fail to support him.

### The M. O. G.

The survey work for the M. O. G. road into Baxter Springs is practically completed, and the route for road practically settled. The maps will be in the hands of the right of way committee in a few days at farthest, and the committee will get to work.

It has been practically settled that the depot will be located one block south and four blocks west of Cooper's store.

We confidently expect work to begin within a couple of weeks. And when it does begin it is going to be pushed very rapidly, according to Mr. Kenefick, who was here last week.

### Registration Notice.

Books will close on Friday evening, July 26, 1912.

B. W. Patton, City Clerk.

### Bale Ties.

We have just received a car load of bale ties from the American Steel and Wire Company. Please remember that when you buy bale ties of A. Hood & Sons there are 250 ties in each bundle. Every tie is a soft even iron, which makes it very easy to tie. Not a rusty bunch in the car. Hood's price is 68c. No company in the country can meet this price on bale ties, same quality, and make money.

### Cut Your Weeds.

This is to give you due notice that unless you cut your weeds within ten days from this date (Thursday, July 25, 1912), the city will have them cut, and the cost will be taxed up against the property. And the cost will be plenty.
